

The Chisago County Tobacco Education Task Force Meets:

- ✘ The 2nd Wednesday of each month
- ✘ From 12:30 - 1:30 pm
- ✘ In the Board Room - Fairview Chisago Lakes Clinic - 11725 Stinson Avenue Chisago City, MN

The Chisago County Tobacco Education Task Force is a committee of individuals and organizations whose focus is to Improve the health and environment of Chisago County residents by raising awareness through education, training, support and resources. We strongly believe that the use of tobacco is harmful to the health and economy of Chisago County; we support a tobacco-free environment. To meet the needs of our community and its members, the task force will educate the public about issues of tobacco; we will support early intervention, cessation, protection from environmental tobacco smoke, and act to reduce the promotion of tobacco products and their availability, especially to youth.

The task force endorses the following goals for the purpose of protecting the public:

- Encourage youth in non-use of tobacco products Encourage and support tobacco cessation
- Reduce and eliminate secondhand smoke exposure to minors
- Protect workers and the public from secondhand smoke
- Implement tobacco prevention and educational programs
